

Grant goes to Focus Maui Nui

Friday, March 24, 2006 10:29 AM

KAHULUI – Maui Electric Co. has awarded a \$10,000 grant to Focus Maui Nui, the planning group launched in 2003 to pull together the community's vision, values and priorities for long-term planning and decision making in Maui County.

The money will be used to further implement Focus Maui Nui, an effort spearheaded by the Maui Economic Development Board, and to develop a youth alliance for the group, according to a MEDB news release.

“An investment in Focus Maui Nui is an investment in the future of Maui,” said Ed Reinhardt, president of Maui Electric.

More information about Focus Maui Nui can be found online at www.focusmauinui.com or by calling MEDB at 875-2388.
