How has Focus Maui Nui inspired you to take action or involve others in building the future we all want? When deciding to publish more copies of our popular *Starting a Business in Maui County* resource guide, I thought it was important to incorporate the Focus Maui Nui findings for all of our readers. Starting a business is a critical time to bring or increase awareness of our community's priorities, core values, and strategies to ensure a bright future for our islands.

How do you see Focus Maui Nui contributing to a better community? The Focus Maui Nui perspectives provide new businesses with a clearer understanding that will hopefully make them good stewards of the environment, active participants of our wonderful community, and contributors to sustainable economic development.

What message do you want to send out to your fellow residents? Register to vote, and vote! No longer should Maui County have the lowest voter turnout in the State. If we want to keep Maui County as being the best place to live, we need to do our part. Also, our goal is to support small business. If anyone needs any type of business assistance, drop in at the Maui County Business Resource Center in the Maui Mall or call 873-8247.
