MAUI ISLANDS
NUI OUR FUTURE

Profile

The individuals featured here are your neighbors, friends, co-workers. They all share one thing: a true concern for the future of our island home and the willingness to become part of the building process.

Name:
Cynthia Foreman

Residence:
Kihei

Occupation:
Economics Instructor,
Maui Community College

How has Focus Maui Nui inspired you to take action or involve others in building the future we all want? I've been inspired to incorporate the Focus Maui Nui program into my Introduction to Economics classes because I see the project as a way to tie basic economics to local issues. After taking this class, students write that they better understand local and national issues and are more prepared to go out and vote in elections.

How do you see Focus Maui Nui contributing to a better community? One of the wonderful things about the Focus Maui Nui project was that it got people talking and sharing ideas. This next phase is about taking it back to the community to put those ideas into action.

What message do you want to send out to your fellow residents? Even if it's simply volunteering at the local school, going out on beach cleanup day, writing letters to your County Council or voting next fall, there's something each of us can do to make this a better place to live.
